Prologue: A City on Edge

The summer of 1919 was a tinderbox of racial tension. World War I had brought an influx of African Americans to Chicago, competing for jobs and housing with white workers. Segregation and discrimination were rampant, fueling resentment and mistrust.

The Fatal Spark: A Boy in the Water

On July 27, 1919, a 17-year-old black boy named Eugene Williams drowned at a segregated beach. White onlookers refused to help him, sparking a rumor that blacks were trying to swim past the boundary line. This rumor ignited a wildfire of violence.

Days of Terror: Riots Engulf the City

For days, white mobs roamed the streets, attacking black neighborhoods and businesses. Black residents fought back, but the police were often indifferent or even complicit in the violence. Hundreds were injured and at least 38 people were killed.

Aftermath: Devastation and Reckoning

The riot left Chicago scarred and traumatized. The city's black community was devastated, with homes and businesses destroyed. The riot also exposed the deep racism and social inequality that had been festering beneath the surface.

The Chicago Race Riot of 1919 serves as a haunting reminder of the horrors of racial violence. It is a call for us to confront the legacy of discrimination and work towards a more just and equitable society.
