Daisy and Violet Hilton were born in Brighton, England, on February 5, 1908. They were conjoined twins, meaning that they were born physically connected to each other. Their bodies were fused together at the lower back, and they shared a single pelvis and a single set of legs. They also had separate hearts, lungs, and stomachs.

Daisy and Violet's parents were poor and uneducated. They had no idea how to care for their unusual children, and they soon began to exhibit them in public for money. The twins were a sensation, and they quickly became one of the most popular attractions on the vaudeville circuit. They toured the world, performing in front of sold-out crowds.

As Daisy and Violet grew older, they began to resent being treated like freaks. They wanted to be seen as normal people, and they longed for a life of their own. They eventually left the vaudeville circuit and tried to start a new life. However, they found it difficult to adjust to normal society. They were often stared at and ridiculed, and they had difficulty finding work.

In 1931, Daisy and Violet met a man named Maurice Lambert. Lambert was a carnival worker who was immediately smitten with the twins. He proposed to them, and they agreed to marry him. The three of them lived together for several years, but their relationship was often tumultuous. Lambert was abusive, and he often took advantage of the twins' financial situation.

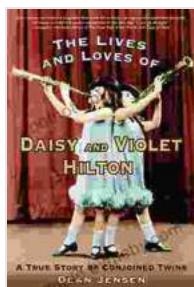

In 1939, Daisy and Violet decided to leave Lambert. They moved to California and started a new life. They found work as dancers, and they eventually became successful. They also found love again, with two men named Bob and Harold. Daisy and Violet were finally happy, but their happiness was short-lived.

In 1969, Daisy and Violet died in a house fire. They were 61 years old. Their deaths were a tragic end to a life that had been filled with both joy and sorrow.

The Lives and Loves of Daisy and Violet Hilton is a fascinating and heartbreaking story. It is a story of medical marvels, love, loss, and redemption. It is a story that will stay with you long after you finish reading it.
